Explanation of Transfers by the Department of the Lottery

Transfers to the Common School Fund

The Illinois Department of the Lottery is mandated to make a monthly transfer to the Common School Fund on the last day of each month or shortly thereafter. Currently, the Lottery requests the Illinois Office of the Comptroller to make transfers to the Common School Fund twice a month. The first transfer is made mid-month with the second transfer following shortly after month-end.

The amount transferred during any given month is based on the FY'09 actual monthly transfer for the respective month adjusted for inflation. The rate of inflation used in calculating transfers to the Common School Fund is defined in administrative rules.

If the cash available in the State Lottery Fund does not support the planned weekly transfer amount, a transfer is made at an amount affordable and any shortfall is to be made up in future weekly transfers as funds become available.

In July, the Department made 1 transfer of \$\$33,125,400 to the Common School Fund with the remainder prescribed amount of \$22,083,600 being transferred on August 7. At the end of July, the cash balance in the State Lottery Fund was \$33.3M.

Payments to the Capital Projects Fund

The Illinois Department of the Lottery requests the Illinois Office of the Comptroller to make one annual deposit into the Capital Projects Fund. On or before September 30 of the fiscal year, the Department estimates the net income available after transfers to Common School Fund and specialty ticket funds.
