

REPORT ON THE WORK OF THE LOTTERY CONTROL BOARD

August 13, 2019 (20 ILCS 1605/7.8)

Respectfully submitted to:

Illinois Governor JB Pritzker

Senate President John J. Cullerton

Senate Republican Leader William E. Brady

House Speaker Michael J. Madigan

House Republican Leader Jim Durkin

The Illinois Lottery Control Board -- Background and Current Status

Illinois Lottery Law (20 ILCS 1605/6) created an independent board - the Lottery Control Board - consisting of five members appointed by the Governor with the advice and consent of the Senate. A chairman of the board is chosen annually from the membership of the board by a majority of the members of the board. Current members of the board:

Name	Term Expires	Board Member Since
Elba Aranda-Suh	July 1, 2017*	July 6, 2015
James Floyd	July 1, 2019*	March 20, 2017
Sarah Alter**		

*-Members serve until their successors are appointed and qualified

**-Pending Senate confirmation

The board currently does not have a chairman, and there are two vacancies on the board. Two members' nominations, Nimish Jani and Lori Yokoyama, were withdrawn in May.

The board is required to hold at least one meeting each quarter of the fiscal year, and all board meetings are open to the public pursuant to the Open Meetings Act. Meetings were held in Fiscal Year 2019 on: Dec. 5, 2018; Feb. 6, 2019; and May 15, 2019. A FY19 Q1 meeting of the board was cancelled because of a lack of quorum.

Legal Roundup

The Lottery Control Board is provided an update regarding all pending administrative hearings at each quarterly meeting.

In December, there were four (4) matters pending in the administrative hearing process, one (1) involving a player claim, one (1) involving a license denial and two (2) involving a retailer claim.

In February, the license denial hearing was continued for a later date, and a matter involving a retailer claim was settled and dismissed. The Board was also informed of an audit finding for the Lottery regarding cash transfers to the Common School Fund for the fiscal year ending June 30, 2018, as well as the new opinion on the Wire Act from the Department of Justice. The Board was assured the Lottery was closely monitoring the situation and taking all appropriate action to ensure compliance with all laws and regulations.

In May, the Lottery received a favorable recommendation from the Administrative Law Judge regarding the license denial, a favorable recommendation on a Motion for Summary Judgment

in the player claim denial and reached a settlement in agreement in a retailer claim and the matter was dismissed.

Advertising Roundup

The Lottery Control Board is provided an update regarding advertising at each quarterly meeting. The following advertising campaigns were presented to the Lottery Control Board in FY19:

- Multiplier Family; TV, radio, out of home, digital and point of sale (December 2018)
- Jackpot time campaign; TV, radio, digital, out of home, and point of sale (December 2018)
- Ticket for the Cure; digital and out of home (December 2018)
- Holiday campaign; TV, cinema, Digital, online video and out of home (December 2018)
- 10 Years of Cash; TV, radio, streaming audio, out of home, Waze, Speedway audio and point of sale (February 2019)

Operations Update

Director Greg Smith provided updates on staff, private manager transition and operations.

Staff Update-Chicago& Springfield

- Scott Gillard, Chief of Staff
- Guadalupe Marin, Administrative Assistant to the Director
- Larry Johnson, Deputy Chief of Security (Springfield)
- Karen Blumhagen, Instant Tickets Product Manager(Springfield)
- Continuing to fill positions for our claim centers around the state

Private Manager transition and operations:

- Camelot doing most of their hiring and taking over services, duties and key tasks
- Milestone schedule implemented for check and balances between both companies which includes annual business plan, technology transition, and new gaming system. Once completed and proven satisfactory between both companies a certificate of completion will be issued and end the transition.
- Since last session Lottery received one-year extension to sell tickets online-iLottery
- Picked up two more specialty tickets benefitting police memorials and homelessness
- Statute was picked up allowing certain prizewinners to claim in privacy and anonymity on winnings over \$250,000
- Director explained about payments to capital projects which is last place money goes after paying Common School Fund and beneficiary tickets

Board Chairman Haydee Ollinger asked if there was a deliberate effort to ensure the human story on grant recipients of specialty tickets and not just ticket sales. Director Smith explained that there was a launch event very next day for the Red Ribbon cash ticket that supports HIV and Aids and that there would be more media emphasis in doing a check ceremony with recipients.

ADDJOURNMENT

Chairman Ollinger requested a motion to adjourn. Board member Aranda-Suh gave the motion and Board member Floyd seconded the motion which was unanimously approved. Chairperson Ollinger adjourned the meeting at 2:30pm.

2. Responsible play brochures are available in retail stores which includes tips on how to play smart and resources for problem gambling.
3. Gamres Research was conducted using PPS (Positive Play Scale) which is designed to measure four positive gambling related behaviors and beliefs which include, honesty and control, pre-commitment, personal responsibility, and gambling literacy. It was concluded that most Illinois players were in the high positive play categories demonstrating that they engage in responsible behaviors and have a good understanding about how to play responsibly. Players did score low on gambling literacy which is an extent to which the player has an accurate understanding about the nature of gambling.
4. New play campaign in development to address low levels of gambling literacy based on Gamres research, Be **Smart, Play Smart.** This will include six core messages that will be used for delivery: **Be Smart**-know how games work and your odds of winning, **Game of Chance**-lottery games are a game of chance, strictly for entertainment not a source of income, **Play for fun**, not for money-never spend more than you can afford, **Stick to a budget**-be aware of how much time you spend playing, **Take a break**-Always be honest about your game play, **Adults Only**- Lottery games are not for minors. Never give ticket to anyone under the age of 18.

Illinois Lottery Control Board
Open Meeting Minutes
December 5, 2018
122 S. Michigan Ave., 19th floor, Chicago, IL 60603

Staff update: **Separations include-** Greg Smith, Director, Eric Albrecht, Legislative Liaison, Helen Kim, Agency Procurement Officer, Annice Kelly, General Counsel.

Hires- no new hires, Jessica White, Deputy General Counsel, was named Interim Acting General Counsel to replace Annice Kelly. Harold Mays, Chief of Operations and Technology was named Acting Director to replace Greg Smith.

Legislative Update-agenda proposed for review for Spring session includes authority to expand the sale of all our games on the internet, extending current iLottery language to 2028 and requesting a continuing appropriation to allow us to pay players if there was ever a budget impasse again. Also, we are attempting to clean up language in the Lottery Law that needs to be updated and clarified. Law was passed allowing certain prizewinners to claim in privacy and anonymity on winnings over \$250,000 although identification can be requested via FOIA.

Audit update-FY18 Financial Compliance audit being conducted by the OAG is closing out. Final report expected to be issued in new year. We have not received preliminary report of potential findings yet.

Specialty Tickets Update-Legislation was passed last year to add 2 new specialty causes, State Police Memorial Ticket with a late Spring launch and a ticket that will support homelessness prevention programs is in early development.

- **PRIVATE MANAGEMENT**

Transitioning Update:

Business- Full transition of core Private Manager business responsibilities has been largely achieved. These are internal Camelot business functions in areas of Operations, Facilities, Procurement, commercial (Retail, Marketing,) internal HR and compliance.

Technical-Full technology transition taking place which includes replacing our CGS, ICS, Instant Ticket Management system, iLottery platform, and website . Retailers will also be receiving new sales terminals, vending machines and point of sale equipment. Targeted completion expected in January.

Questions and comments by Board Members:

Nimish Jani stated that mom and pop operations are having a tough time with the actual online training of new equipment and the feasibility of getting to locations of where it is being held. It was stated that there are multiple locations for training and that digital training will eventually be available. 86% of retailers had already attended training. He also asked if he can bring retailers to a board meeting. He was told he can since it is an open meeting.

- *Legal Update*
 1. The Auditor General issued an audit finding for Lottery regarding cash transfers to the Common School Fund for the fiscal year ending June 30, 2018. Lottery is working with the governor’s office and inquiring to ask for support of its interpretation of its statutes and rules. Lottery will keep board members posted.
 2. The Dept. of Justice gave an opinion on its interpretation of the Wire Act. This threatens iLottery and all online gaming activities, which may affect the Gaming and Racing Boards. Lottery is closely monitoring this with Camelot and the other states involved, making sure all parties involved are notified. Lottery is taking appropriate action to make sure we are in compliance with all the laws.
 3. Administrative hearing regarding a placement of a lottery machine was held and is being continued. Another hearing was held and settled.

- Responsible Gaming**
 Keith Horton states that there is a new player education campaign to increase gambling literacy. Gamres research showed that there is room for improvement in this area. Five different concepts are in the works but have not been finalized. Campaign will include new website content and paid advertising.

Corporate Social Responsibility | Player Education

- New player education campaign aims to increase gambling literacy
- Prompted by Gamres research conducted last summer
- Campaign includes new website content and paid advertising and will also leverage internal assets like social media, web promotion and retail messages
- "Be Smart, Play Smart" tagline will replace "Play Responsibly"
- Gamres research will be conducted again to determine potential impact of campaign

interim role. Cornell came from the governor's office and stated that he is glad to be here with a great staff and enjoys working with Camelot.

Acting Director gave an overview of our progress with our technological transition which includes:

- Very comprehensive update of all our external equipment and internal systems that support lottery, which include CGS, ICS, Instant Ticket Management System, iLottery platform, website, and mobile app.
- Full retail refresh with new sales terminals, vending machines and point of sale equipment.
- Transition completion targeted for February to allow for additional testing and successful transition. The director emphasized on how important this transition is affecting Lottery, our retailers, and our players. Update will be given on how transition went on next date.
- Camelot, the Lottery, and our vendor partners have done stellar job and the director would like to recognize their efforts.

Legislative-Preparing agenda for spring session which includes authority to expand sale of all our games on the internet along with ability to introduce new games

- Extend current iLottery language for our DBG to 2028.
- Request to continue appropriation to allow us to pay players if there was ever a budget impasse again.
- Clean up language in the Lottery Law that needs to be updated and clarified.

Audit - Two material findings on our FY18 financial compliance report:

- CSF overpayment due to timing year end true up of operating expenses and net income calculation. Needs legislative action to correct.
- Repeat finding regarding capital project 2009 deficit which cannot be resolved with legislative action.

Specialty Tickets:

- The Lottery has seven specialty tickets in our portfolio MS, HIV, Breast Cancer, Veterans, Special Olympics, Police Memorial, and Homeless Prevention (in early development) which is almost 15 % of our portfolio.
- Special Olympics ticket will be introduced in April and new Police Memorial ticket in May
- We continue to receive several new requests each year
- Veterans and Breast Cancer oldest and highest total revenue.

DOJ Opinion Reversal in context:

In 2011, Illinois sought and received an opinion from the Dept of Justice on the Wire Act and whether it was applicable to in state online selling of Lottery. The opinion issued affirmed that the Wire Act only restricted interstate sports betting online. In December 2018 , the DOJ reversed that opinion and expanded the restriction to all forms of interstate betting online, including Lottery.

Questions and comments by Board Members:

- Board member Lori Yokoyama asked the acting director if there is a discussion amongst state lotteries getting together and possibly filing a lawsuit regarding the DOJ opinion reversal. The acting director stated the we deal with two organizations, 1). NASPL-North American Association of State & Provincial Lotteries and 2). MUSL-Multi State Lottery Association, which are being very proactive in working with the states. We have numerous communications from them on defining a specific industry position to start to build a defense against the opinion. They have taken steps to work with each state and give them all the information that is available.
- Board member Yokoyama asked if this recent decision is retroactive since most states in the last 7-8 years have invested quite a bit of money to get online. Cornell Wilson said Deputy Attorney General Rod Rosenstein has issued a 90-day stay for any potential enforcement and that any state should not rely on the old opinion letter going forward. Attorney Generals for New Jersey and Pennsylvania issued a joint letter to DOJ to withdraw the opinion.

ADJOURNMENT

Cornell Wilson gave the motion to adjourn meeting with business concluded. Board member Jani seconded the motion and it was unanimously approved. Meeting was adjourned at 2:15pm.

Respectfully submitted,

Nora Iniguez
