Camelot Illinois will not be liable for any costs incurred by any company in connection with the preparation of a response to this RFP or for any costs incurred for attendance at meetings, presentations, clarifications, or demonstrations.

The numbering of this RFP is an important aid in the evaluation process. Please utilize it within the Proposal, as this may affect Camelot Illinois' evaluation of it.

Prospective Vendors may not take advantage of any apparent error or omission in this RFP. In the event that any errors or omissions are discovered, a Vendor shall notify Camelot Illinois immediately.

Please provide complete and accurate information against the specifications contained within this RFP. If Vendor is unable to meet any requirements, then this should be clearly noted in the appropriate response section(s). Any assumptions within the Proposal should be clearly stated.

Any commitment made in a Proposal shall be binding on the Vendor. A commitment includes any guarantee or representation made in the Proposal, accompanying documentation, or subsequent negotiation.

3.2 Confidentiality

3.6 Terms and Conditions

Vendors should note that any contract/purchase order award will also be subject to Camelot Illinois' terms and conditions.

Camelot Illinois operates within a regulated environment, and it is a requirement of the PMA that Vendors be vetted or approved by the state regulator in advance. Accordingly, the prospective Vendors must complete state disclosure and certification documents. For further information about this requirement, please contact, Procurement Services at procurement-services@camelotillinois.com.

The PMA requires Camelot Illinois to pass through various non-negotiable provisions to all Vendors. Camelot Illinois will achieve this by including a separate schedule entitled "Private Manager Agreement Incorporated Terms" into the Vendor's contract. This will take priority over any conflicting term in the rest of the contract. Refer to Appendix A of this RFP for the Private Manager Agreement Incorporated Terms.

From the time this RFP is issued until the end of the contract term, each Vendor represents and warrants that it shall neither be (i) debarred or prohibited from doing business with the State of Illinois for any reason; nor (ii) likely to have a material and/or adverse effect on the interests of the Lottery.

Camelot Illinois is looking to establish a contract with each Vendor for a term of three (3) years, subject to each Vendor's performance and Camelot Illinois evolving requirements and strategy. This will be subject to negotiations during the contracting stage.

3.7 Validity of Proposal

Proposals shall be binding offers, binding for a period of ninety (90) days from the date the Proposal is submitted.

4 Estimated Timings

4.1 Start of the Market Research Services

Our approach is to assess the Services to support our 2019-2021 marketing research plan. Projects will commence after selection of the Vendors and will be staggered over the course of the remainder of FY2019-FY2021. It is important to note that not all projects will commence at the same time, and different projects may be given to different Vendors based on the Vendor awarded the contract for that specific service.

The Vendors will be expected to accept individual project briefs from Camelot Illinois and carry them forth with the highest quality output.

5 Response Approach and Format

Vendors are requested to provide the following:

- A. A completed version of the Company Information section with brief responses;
- B. A completed version of the Requirements section with full responses against each requirement (where applicable); and
- C. A completed pricing schedule estimate with any variation included at the end.

Where necessary, Vendors may supplement responses with additional material but should ensure that material focuses on the information requested and references the section for which they apply. Camelot Illinois may be unable to search through generic material to attempt to find relevant information.

If the Vendor needs to exclude some requirements from its Proposal, this should be accompanied by a clear statement of which items are excluded and why.

If the Vendor wishes to propose additional services, not mentioned in the requirements, this should be provided in order to supply a full-service solution, please provide a clear statement of which additional items are included and why.
