	** Jackpot, Lotto Million 1, and Lotto Million 2 are three separate drawings for three separately shared prizes.	

With three chances to win every draw day and great odds, it's no wonder Lotto is one of Illinois's favorite games! Just follow the easy steps below for your shot at bringing home millions.

How to Play

1. Pick Your Numbers

If you want random numbers selected for you, ask the sales clerk for a Lotto Quick Pick(s) or purchase your play(s) on an Illinois Lottery vending machine.

To select your own six numbers (numbers 1 through 50), you'll need to fill out a play slip with blue or black ink.

You can purchase up to 10 plays for a single draw on one ticket. Each play is \$2.00.

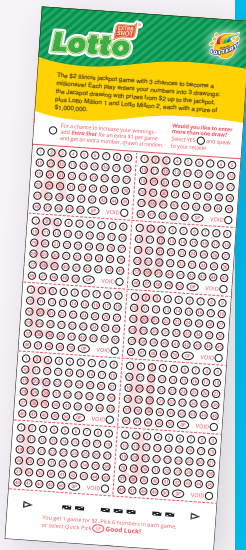

2. Add EXTRA SHOT® For A Chance To Win More

To take a chance at increasing your non-top prize winnings, add Extra Shot for \$1 (see prize table on back). Extra Shot does not apply to the Jackpot, Lotto Million 1, or Lotto Million 2.

An Extra Shot number from 1 through 25 is randomly selected and printed on your ticket. Match the Extra Shot number for a chance to increase non-top prizes.

When purchasing tickets directly from the clerk, just ask them to add on Extra Shot.

When you mark Extra Shot on

your play slip, it applies to all games played on the play slip and adds \$1.00 to the price of each game played. You cannot apply the Extra Shot option to individual panels on a play slip.

3. Selecting Multiple Drawings

If you want to play the same numbers for future drawings, ask your retailer for multiple draws.

If you're using a play slip, select "YES" on the top-right section of the play slip where it asks "Would you like to enter more than one draw?"

You can then play the same numbers for a maximum of 25 consecutive drawings.

Remember: Lotto drawings are Monday, Thursday, and Saturday each week.

4. Purchase Your Ticket

To be eligible for the drawing, you must purchase your Lotto ticket by 9:15 PM CT on the day of the drawing.

Each Lotto play costs \$2. If you select Extra Shot, add \$1 for each game played.

Check your selections carefully. Lotto tickets cannot be cancelled.

If using multiple play slips, turn them in to the sales clerk, and you will receive a separate ticket for each play slip processed.

How to Win

Your six numbers will be entered into three separate drawings: the main Jackpot, Lotto Million 1, and Lotto Million 2.

The starting Lotto jackpot is \$2,000,000 and increases in increments of \$150,000.

Lotto Million 1 and Lotto Million 2 each have a fixed prize of \$1,000,000.

Match all six numbers in the main Jackpot drawing to win the main Lotto jackpot.

Match all 6 numbers of the Lotto Million 1 or Lotto Million 2 drawing and win up to \$1,000,000.

You can also win other great prizes on the main jackpot drawing. The prizes and odds of winning can be viewed on the prize table located on the back.

Are You a Winner?

You can confirm if your ticket is a winner by scanning the barcode at your favorite Illinois Lottery retailer or the ticket scanner on the Illinois Lottery app. For winning numbers, check IllinoisLottery.com, call the Player Hotline at 1-800-252-1775, or check your local paper.

When You Win

Any win up to and including \$600 can be redeemed immediately from most Illinois Lottery retailers. For a win over \$600, it must be claimed at an Illinois Lottery Claim Center or by mail. Please visit IllinoisLottery.com to set up a Claim Center appointment and print your claim form and winner questionnaire. When claiming a prize by mail, send a completed claim form, winner questionnaire, and the signed winning Lotto ticket to:

Illinois Lottery Claims Department

P.O. Box 19080

Springfield, IL 62794
